Mr. Pepar Anspaugh
Sarasota School Of Arts & Sciences
645 Central Avenue
Sarasota, Florida 34236-4016

Dear Mr. Anspaugh:

Congratulations to you, your faculty, students, and school community for being honored as one of the top 75 middle schools in the State of Florida that has made the most year-to-year progress in school grades. This recognition is for schools that had the highest increase in the total points a school received on the school grading criteria for the 2005-2006 academic year over the previous year.

You and your staff have done a remarkable job helping your students improve their core academic skills. Increasing student achievement yearly is quite an accomplishment and something Florida's administrators, teachers, students and parents can be proud of. I applaud you and your staff of excellent educators for your outstanding work. By continuing to set high standards, you provide students the support they need to exceed expectations.

It is my pleasure to join Education Commissioner John Winn in thanking your staff for their dedication, commitment and hard work. Please enjoy this time of celebration and share this success with your faculty and students. Best wishes for an even more productive school year ahead.

Jeb Bush

Sincerely,

John L. Winn
