

Welcome to PRE-AICE Math 1 IG (Algebra Honors)! Congratulations on earning the privilege of taking this class as a 7th grader. This is a high school level course that asks our 7th graders to skip two years worth of curriculum. We will be covering the Algebra Florida Core Standards as well as making sure to cover some of the standards from 7th & 8th grade curriculum to set the students up for success this year and next.

We will focus on three major areas of study in this course. First, we will focus on Linear Functions. Secondly, we will move into some Non-Linear Functions. Lastly, we will cover Data Analysis.

To earn the high school credit that is awarded with this class, you must pass this class for the entire year and the Algebra EOC. I will do everything I can to make sure that this happens for all of my students.

We will be using a lot of cooperative learning and applying concepts to real world scenarios. We will use partners and small groups almost on a daily basis with the use of technology, hands-activities, journal reflections, etc.

**ASSIGNMENTS ONLINE!**

If you forgot to write down your homework or you missed class, look on ESD Gradebook and choose the calendar feature. I will load all assignments, tests, and quizzes for the week in the gradebook. Choose the calendar feature and plan your entire week! All classes will be listed in one helpful calendar!

**GRADES**

Grades will be available in the ESD Portal—students and parents should have their own individual log ins.

- Exponential Equations and Functions

#### Quarter 3:

- Polynomial Equations and Factoring
- Graphing Quadratic Functions
- Solving Quadratic Equations

#### Quarter 4:

- Square Root Functions & Geometry
- Rational Equations & Functions
- Data Analysis and Displays

## MAKE UP WORK

The student has one school day to make up work for each school day excused absence (day for a day). For example, the student is out for 4 school days then the student has 4 school days to turn in the make-up work. Work can be made up for excused absences, out-of-school suspension, religious holidays, and excused tardies.

Students should use the extra copies bin and assignment calendar in the classroom to find missing work/ make up work.

**Planned trips and holidays may not apply—try to do make up work BEFORE your trip. Remember to email the principal for approval of trips.**

Parents may call the front desk to request make up work for any absences over two days.

Long term projects and tests scheduled before the absence do NOT apply. Students will sit for a test the day that they return.

## LATE WORK

Students must turn in work when it is due so that they do not lose points.

Late work will lose 10% each day that it is late.

Long-term Projects will receive harsher penalties for tardiness. They will be accepted, however, for at least a 50% before the quarter ends.

Plagiarism or copying work will result in a zero and a detention.
