MATH 1

Hello everyone!

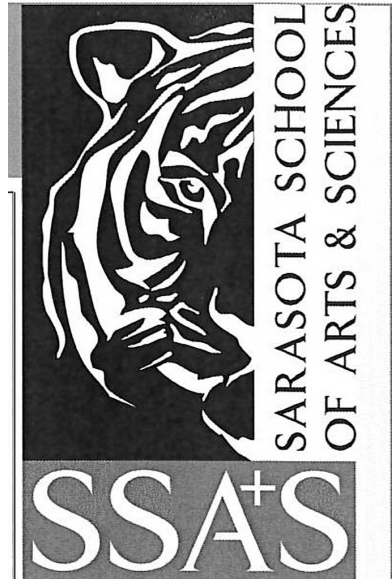

I am excited to begin another year at SSA+S, my favorite school! I have taught a few subjects and am starting my 4th year teaching math but have been at the school for over 8 years! I help coach girls basketball and love it!

I am married and have two sons (they are 7 and 8). My husband is a lieutenant with the fire department in East Manatee and often substitutes here at school. We have two dogs as well. I love sports of all kinds but especially love my Boston teams because I am from Massachusetts! I love to use sports and other real-life examples in math to make it more fun!

Math 1 is about ten chapters long, and we will work through all of them by the end of the school year. You will learn 6th grade math standards. We will spend more time on some topics than others and know that a lot of this material will be challenging at times. This course will set students up for success in 7th grade math next year!

If you ever feel like you just don't get it or need extra help, don't give up! Please come see me or email me! There is free Math Help at the school every Tuesday and Thursday morning from 8:00-8:45 a.m.

It's going to be a great year 😊

MAKE UP WORK

The student has one school day to make up work for each school day excused absence (day for a day). For example, the student is out for 4 school days then the student has 4 school days to turn in the make-up work. Work can be made up for excused absences, out-of-school suspension, religious holidays, and excused tardies.

Students should use the extra copies bin and assignment calendar in the classroom to find missing work/ make up work.

Planned trips and holidays may not apply—try to do make up work BEFORE your trip. Remember to email the principal for approval of trips.

Parents may call the front desk to request make up work for any absences over two days.

Long term projects and tests scheduled before the absence do NOT apply. Students will sit for a test the day that they return.

LATE WORK

Students must turn in work when it is due so that they do not lose points.

Late work will lose 10% each day that it is late.

Long-term Projects will receive harsher penalties for tardiness. They will be accepted, however, for at least a 50% before the quarter ends.

Plagiarism or copying work will result in a zero and a detention.
